DRUGGIST SAYS COOPER WOKE UP RECENTLY

Westerner Claims Everybody Will Have to Take His Medicine Eventually.

New York has never before witnessed such a spectacle as may be seen every day at Broadway and Ninth street. It is here that L. T. Cooper, the western stomachicologist, who claims that stomach trouble is at the bottom of all chronic ill health, is meeting the public.

It would be difficult to estimate just how many people call to talk with Cooper during a single day. The store where he is holding forth seems to have become the Mecca for ailing people in New York, and the amount of medicine he is disposing is enormous. In addition to what he sells himself, druggists generally throughout New York are handling his preparations out in unlimited quantities.

A leading druggist said recently: "The public seems to have lost its mind over this man Cooper. Personally, I don't know anything about his medicine. We had nothing to do with his coming to New York, and he has until recently sold his preparation entirely through one company. I suppose he thought New York was like one of his western towns and everybody could be supplied from a corner drug store. He woke up about a week ago and put it on sale everywhere. Since then we have been selling it. It don't know how long this demand will last, but I have never before seen anything like it."

In an interview Monday afternoon Cooper said: "I am not making any wild claims for my medicine. All it does is to stimulate the gastric juices and regulate the digestive organs, but people do not realize how splendid their health would be if only their stomachs were not languid and enfeebled by years of abuse."

"Nine out of ten people who have called today have been sent here by others. Sooner or later every tired, half-sick man and woman in New York is going to try my medicine. They can't help it. After I leave New York I shall take two months' rest and then go to London to introduce Cooper's New Discovery in England."

Among New Yorkers who have recently become enthusiasts on the subject of Cooper's medicine is George J. Scott, of No. 274 West Nineteenth street, who said Monday afternoon: "It is hard to realize that any medicine will do all that is claimed for it."

"I have taken all kinds of medicine for ten years and this is the first I have ever found that was worth two cents. I have had rheumatism constantly for ten years and have spent a quarter of what I made for doctors and medicines. I might have taken so much rain water for all the good they did me. Before I had taken this Cooper's New Discovery a week, I realized it was worth something. I have taken it a month and I am as well as I ever was in my life. I have no rheumatism and eat like a horse. I feel like doing something now, where a month ago I hated to walk a block. When I first bought it I knew better. All the other stuff I know better. All to other stuff I have taken was worth nothing; this is worth ten, yes, twenty times, what they ask for it."

Cooper's New Discovery is now on sale at leading druggists the country over. We will send a booklet in which Mr. Cooper tells the reason for most ill health, to anyone upon request. The Cooper Medicine Co., Dayton, Ohio.

AMUSEMENTS

Fort Barrancas Minstrels Tonight. Don't forget the big minstrel show to be given by the Barrancas boys at the opera house tonight.

An extra feature will be the wrestling exhibition of the Jacobs Brothers, of the 22d company, weight each 160 pounds. They issue a challenge to any local wrestler of the same weight, the match to take place any time after the performance.

The best of comedians will be seen, Messrs. Gray, French, Frank, Walkup, Wiley, Johnson, Roberts, Abramovitz, Shields and many others to be on hand.

Fancy dancing and many musical numbers are to be among the attractions. Mr. Will Frank, the able interlocutor, is known among Pensacola as an Al minstrel man, and is sure to make a hit.

And don't forget the Merry Widow burlesque by Abramovitz and Shields. Abramovitz spent three hours last night at a well known Pensacola millinery shop selecting his merry widow hat and it will be the pride of its owner and the whole troupe tonight. He has also been dieting in order to secure the proper figure.

"The Rivals" Coming. Some people positively detest writing. They will adopt any subterfuge in order to escape the least bit of penmanship on their part.

William W. Jefferson, the actor, is a positive marvel in this respect. And he has the many ways to escape writing reduced to a science.

Jefferson and his brother Joseph are starring in "The Rivals." Not long ago, the two of them reached a hotel. Joseph registered first for himself; then handed the pen to his brother in order that Willie might register.

(Joe refused to register for Willie because he claimed Willie's aversion to writing was foolishness.)

But Willie managed to escape writing even his name. Joe registered. "Joseph Jefferson, New York City," Willie wrote W. W. under the word

Joseph and then put ditto marks underneath the other words in Joe's registration.

Trip Around the World.

The pupils of the high school will give an entertainment on Saturday, February 13th, at School No. 1 that promises to be both picturesque and amusing. Five rooms of the high school will be in gala attire, representing England, France, United States, Spain and Japan. Clever songs and dances characteristic of these nations will be given by the best high school talent, assisted by Miss Barnum, Miss Berlin, Mrs. E. L. Reese and Messrs. Diaz. The trip begins promptly at 3 p. m. in the English room and all who are going to make the trip should be on hand promptly so as to miss no part of the interesting program. There will be a twenty-minute stop in each country, every moment of which will be crowded with enjoyment. The proceeds of the trip will go to the high school annual fund.

Another Good Play. (New Orleans States.)

Have you seen "The Man of the Hour" at the Tulane this week? A week ago we commented on a play at this theater contrasting the "good old times" with present-day much-better times.

This week the play shows that all is not good in modern days. It is a powerful portrayal of the system of bosses and bossism, political and financial, by which we are governed practically in every city and state in the union.

Do not imagine for a moment that the picture is overdrawn. In Pittsburgh they are confessing now; in San Francisco they are going to jail; in St. Louis they have just been driven out by folk. In New York, Chicago and Philadelphia they have not been caught. Yet these, the richest of American cities, are annually plundered of their millions.

Go to see this play and come away

and think about it. Note the brutal disregard the big boss shows of the opinion and action of his creation, the mayor.

"I made you mayor," he says. "I can break you just as I made you. I can make you governor if you sign this bill." The measure in question is a crooked franchise grab.

Study the attitude of the judge in this proceeding. See how he cringes to the boss. Note how he is promised a position on the supreme bench if he succeeds in getting the mayor to sign the franchise grab.

Note as well how an attempt is made to bribe a councilman. See how he first accepts, then refuses. Watch how the boss deals in tradition, in slander, how he plays with the honor of men, dealing in human character, decency and honor as a butcher trade in meat.

It is a gross story, that of "The Man of the Hour."

Some good humor relieves it.

The lay is popular with the people—its cynical philosophy is as much applauded by the silk stocking voting element in the pit as the heroics of the model and accidental mayor.

We wonder how many men who saw the show came away with the determination to pay their poll taxes, to take a real part in the elections and affairs of their city, to prevent the possibility of any such condition as that pictured in the play arising "in our midst."

"Take the money, boy," advises the boss. "The people forget; money and politics never forget. And when the racket has blown over, all they ask is about the money."

"The man of the hour" created a sensation in New York. It is having a good run here. It is a play that is educational in its tendency. One of the kind that illustrate modern political tendencies, a play written by a man who knows, and very well acted, too.

At the Orpheum.

A big crowd is expected at the Orpheum tonight from the fact that the managers are putting on what is known as "All Star Amateur" night, and one looking over the program elsewhere in today's Journal will see that the cream of Pensacola talent will appear.

There will only be two shows, the first to start at 7:30, the second 9:15 sharp. All amateurs will appear in both shows and there will be two prizes given to the amateurs possessing the best talent. The first prize is to be given in the first show. This prize will be ten dollars. The second prize of five dollars will be given in the second show. There will be a committee of six gentlemen selected from the audience to act as judges.

Next week the managers will offer "The Three Hilliers," as an added attraction in their big European novelty, "On Top of the Garden Wall."

This big act is booked in addition to the regular show, as an added attraction and will no doubt cause crowds to visit the ever popular Orpheum.

HAMLET

had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously.

Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts, get a bottle today. A positive cure for bilious headache, constipation, chills and fever and all liver complaints.

Sold and recommended by W. A. D'Alemberte, druggist and apothecary, 121 South Palafox street, Pensacola, Fla.

When cleaning the porcelain bathtub or wash basin throw a handful of coarse salt in the tub or basin before pouring in the gasoline or turpentine and all lime sediment will be instantly removed.

UNIVERSALIST CONVENTION TO MEET TODAY

Delegates Began Arriving

From Various Cities

Yesterday.

PROMINENT MEN WILL BE IN ATTENDANCE THIS MORNING AND

WILL DELIVER ADDRESSES—

WILL BE CALLED TO ORDER AT

10 O'CLOCK BY PRESIDENT W.

H. SMITH OF MADISON.

Delegates to the Universalist

convention began arriving last night and this morning at ten o'clock the organization of the convention will occur. Reports of the various officers and committees will be received and referred and the work of the state gathering begun. The convention will be called to order by the president, Mr. W. H. Smith, of Madison, Florida.

At eleven o'clock a recess will be taken to listen to a sermon by the Rev. Stanley Manning, of DeFuniak Springs, one of the brightest young men in the South connected with the Universalist church.

Business will be resumed at two o'clock. At half after three there will be an address upon the "Sunday School as a Missionary Factor," followed by discussion.

This address will be given by Mr. J. A. Houseman, of this city, a lay preacher of the Universalist church who has been heard most acceptably in the local church.

At night the service will begin at 7:30 o'clock, special music being provided by Miss Missouri Cawthon, and the sermon being delivered by the Rev. W. H. McGlauffin, D.D., general superintendent of churches for the Universalist denomination for the United States and Canada. Dr. McGlauffin is a man of winning personality, magnetic influence and impressive eloquence, as those who heard him here one year ago remember, and he will be eagerly heard by a large number.

A cordial invitation to the public to attend all sessions of the convention is extended.

A. D. BERRY'S HOME ROBBED

Watch and Several Articles of Jewelry Were Secured.

A. D. Berry, of 1322 East Gadsden street, reported to the police about 8 o'clock last night, that a watch and several other articles of jewelry were stolen from his residence yesterday.

A description of the missing articles has been furnished the police and they are investigating the matter.

REV. PAUL PRICE GAVE FINE TALK

Spoke at the First Baptist

Church Last Night on

"Brotherhood."

Rev. Paul Price spoke to a large and very appreciative audience last night at the First Baptist church, his subject for the evening having been "Brotherhood, or the Forgiveness of Sins."

The meetings will continue through Sunday, his special Sunday feature to be "Jonah and the Whale." A lecture will be delivered at 2:30 o'clock, for men only. This lecture is said to be one of the finest which has ever been heard in Pensacola, and is being anticipated with a great deal of interest.

WEIGH YOURSELF BEFORE USING

weigh yourself before commencing to use Samose, the great flesh forming food. The wonderful sale on this preparation since first introduced in Pensacola and the remarkable results following its use have made White's Pharmacy such enthusiastic believers in the great value of Samose that they give their personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but White's Pharmacy have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well solely through the use of Samose that they feel they cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate, and makes the user plump, well and rosy.

Ailments of Men Happily Overcome SUCCESSFULLY TRIED BY MANY.

Let the following advice be heeded by all those who are afflicted with malaria and its attendant discomforts and annoyances. A treatment designed to tone up the entire system and restore vitality to the nerves and blood should accomplish good results.

The following prescription will work wonders for that great class of men who through dissipation of their natural strength, find themselves in their "second childhood" long before the three score and ten allotted to life's pleasures and enjoyments are reached.

It is presumed to be infallible, and highly efficient in quickly restoring in "nervous exhaustion," weak vitality, melancholia and the functions.

First, get fifty cents worth of compound fluid balmwort in a one-ounce package, and three ounces syrup sarsaparilla compound; take home, mix and let stand two hours; then get one ounce compound essence cardiol and one ounce tincture catemone compound (not cardanum). Mix all in a six or eight ounce bottle, shake well, and take one "dram" after each meal and one when retiring, followed by a glass of water.

By mixing at home no man need be the wiser as to another's shortcomings, and expensive fees are avoided. Lack of poise and equilibrium in men is a constant source of embarrassment even when the public least suspects it. For the benefit of those who want a restoration to full, bounding health, and all the happiness accompanying it, the above home treatment is given. It contains no opiates or habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

If unable to obtain these ingredients from your regular druggist, you may readily find them at The Crystal Pharmacy.

PALFOX ST.

MARDI GRAS

Pensacola Electric Co. Has

Commenced Stringing

Wires For Lights.

MERCHANTS RESPOND LIBERAL-

LY, AND SUFFICIENT MONEY IS

SECURED TO COVER THE COST

OF WIRING AND CURRENT DURING

THE MARDI GRAS FESTIVITIES.

Palfox street from Garden south to Main, will be brilliantly illuminated during the Mardi Gras festivities. This was settled definitely yesterday when sufficient funds were turned over to the Pensacola Electric Co. by J. D. Goss to cover the expense of wiring and electricity used during the celebration.

The company immediately placed men at work stringing wires across the street, and each will contain fifty or seventy-five bulbs, which will brilliantly illuminate the thoroughfare. The merchants responded liberally to the fund being raised for this purpose and Mr. Goss was engaged in the work only a couple of days before sufficient money had been raised.

Lady Arthur Paget will sail this morning for the United States to make a visit for the first time in years. She has had a number of severe illnesses that kept her confined to her bed for months at a time and consequently she went into a society. She is one of the few invalids whom King Edward has personally visited.

The duchess of Roxburghe who was an American girl, is said to be intimate with the princess of Wales, the next queen of England. At a recent country house party, the prince of Wales was the worst-dressed man and the duchess of Roxburghe the best-dressed woman.

By adding one tablespoonful of butter or a half-cup of cream to the batter pancakes can be baked without greasing the griddle.

DEATH DUE TO BLOOD POISON

John Thompson Died Yesterday After a Short

Illness.

John Thompson, for many years a well-known citizen of Pensacola, died yesterday afternoon at 12:45 o'clock at his home on West Government street, death being due to blood poison.

A few days ago the deceased cut the thumb of his left hand by a bottle breaking while he held it. He paid but little attention to the injury at the time, but Wednesday his arm began to swell and he consulted a physician, and remedies were applied, but without avail.

During Wednesday night and yesterday morning his condition became critical, the swelling extending to all portions of the body and at 12:45 o'clock yesterday afternoon he died.

The deceased was liked by all with whom he was acquainted. For many years he was a member of the firm of Thompson & Olsen. He was a member of lodge No. 4, I. O. O. F., S. B. A. and Scandinavian Association.

He is survived by a wife and one child. The funeral services are to be conducted at the family home this afternoon at 3 o'clock by Rev. J. F. W. Rinehart, pastor of the German Lutheran church, and the interment will be in St. Michael's cemetery.

ATTENTION, ODD FELLOWS!

Members of Pensacola Lodge No. 4 are earnestly requested to meet at their hall at 2 p. m. to attend the funeral of our late brother, Jno. Thompson, Joppa Lodge No. 6 and visiting brethren are fraternally invited to attend.

O. JACOBSON, N. G.

J. PACE, Rec. Sec'y.

The pall bearers will be M. E. Mathiesen, Peter Olsen, Ed. Clark, Paul K. Tornoe, Tom West and Eugene Kirschoffer.

RETAIL CLERKS FORM A UNION

Met Yesterday Afternoon

and Formed an Association.

At a large gathering of the retail clerks of Pensacola, held last evening in Carpenters' Hall, a local branch of the Retail Clerks' International Protective Association was organized, with about forty members. Application will be made at once to the international union for a charter, and every retail clerk in the city will be asked to join the new organization. The local union is expected to affiliate with the Central Trades council and also with the State Federation of Labor. The international organization of the clerks has been of great benefit to retail salesmen, in the way of paying benefits and procuring for them better hours and better working conditions, although the members of the clerks are seldom known to strike.

LOCAL LABOR NOTES.

The Central Trades council meets tonight in adjourned session for the purpose of electing officers.

The local typographical union will shortly begin the publication of a monthly label bulletin, for the purpose of advertising the various union labels and telling where such goods may be obtained in the city.

The local union of carpenters has decided to affiliate with the State Federation of Labor.

The stonecutters have recently organized a union in this city.

Organizer Head of the A. F. of L. will call a meeting one day next week for the purpose of organizing a Woman's Union Labor League. The wives, daughters and female relatives of union men are eligible, as are all women in sympathy with the trade-union movement.

A few months ago the dispensers of poslam, the new discovery for the cure of eczema, decided to allow the druggists of the country to handle it. Previous to that time it could only be obtained direct from the laboratories.

Since this change in the method of distribution, poslam has met with a most phenomenal success of anything introduced to the drug-trade in the last 30 years. All leading druggists, including The Crystal Pharmacy, Pensacola, are now carrying the special 50-cent size recently adopted, also the \$2 jar.

This great success is not surprising when it is remembered that, in eczema cases, poslam stops the itching with first application, proceeds to heal immediately, and cures chronic cases in a few weeks. In minor skin troubles such as pimples, blackheads, acne, herpes, blotches, rash, etc., results show after an overnight application. Experimental samples of poslam are sent to anyone by mail free of charge, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.
